

Standard Terms and Conditions

- Prices are Valid for 30 Days; VMI quotes will be valid for the duration of the contract if confirmed prior to these 30 days.
- Price is valid for Lead Time quoted
- Payment Net 30 A,O.C
- All stock quoted is subject to prior sale, price and lead-time may be affected if material has been sold
- Typographical errors are subject to correction
- Min Order \$30.00, Min Line \$15.00
- If the customer purchase order does not provide Supplier Terms & Conditions, Accutite will apply its AS9100/ISO QMS.
- If Accutite finds the customer purchase order's Terms & Conditions to be less stringent, Accutite will apply its AS9100/ISO QMS by default.

Accutite Return policy, Items normally require:

- Original packaging
- No opened bags
- Must be the same Quantity Shipped
- Item must be in a resalable condition.
- Not all items can be returned, Returns are on a Case by Case basis
- Some items are subject to a Restocking fee
- Accutite reserves the right to prohibit Returns for reason other than above.
 - Typical reason for not accepting a return request:
 - Return request under \$50.
 - Return of "Special Order parts" unless we have an RGA from our supplier. A "Special Order part" is defined, in part, as a part we normally do not stock, do not have other users of, or is per print.
 - Return of parts that have been altered in any way.
 - Return of parts sold more than 6 months ago.
- No return will be accepted without Valid RMA #
- Returns must be received within 15 working days of RMA #

RoHS

When requested on the purchase order Accutite will supply RoHS compliant material. Accutite performs no Testing of material and relies on our platers and manufacture to self-certify material or processes. If a test is required this must be listed on the order when placed, necessary testing fees may apply.

Conflict Minerals

For AFI Customers: Conflict Minerals disclosure Requirement of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 1502 (the "Conflict Minerals Law").

(Jan 2019)

As a supplier to your company we understand that you are affected by the Conflict Minerals disclosure Requirement of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 1502 (the "Conflict Minerals Law").

We also understand that the Conflict Minerals Law requires certain manufacturers of products that contain Tantalum, Tungsten, Tin or Gold (collectively known as "3TG"), including your company, to identify whether such minerals in their products have been sourced from the Democratic Republic of Congo or any of its adjoining countries (the "Conflict Region") and to file certain reports with the SEC.

Please be advised that Accutite Fasteners, Inc. has and is taking immediate action to implement the controls necessary to respond to your company's reporting requirements under the Conflicts Minerals Law. Accutite Fasteners is a distributor of fasteners and does not perform any manufacturing operations. We flow down to our suppliers our customer's drawings, specifications, and the quality requirements invoked. The Accutite Fasteners Standard Terms and Conditions also cover Conflict Minerals. As of Jan 1st 2019, we have no suppliers indicating the use of any restricted materials from the "3TG"
